

REPORT OF THE AUDITOR-GENERAL ON KENYA INVESTMENT AUTHORITY FOR THE YEAR ENDED 30 JUNE 2017

REPORT ON THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements of Kenya Investment Authority set out on pages 1 to 25, which comprise the statement of financial position as at 30 June 2017, and the statement of financial performance, statement of changes in net assets, statement of cash flows and statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of Kenya Investment Authority as at 30 June 2017, and of its financial performance and its cash flow for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Investment Promotion Act, No. 6 of 2004.

In addition, as required by Article 229(6) of the Constitution, except for the matter described in the Other Matter section of my report, based on the procedures performed, I confirm that nothing has come to my attention to cause me to believe that public money has not been applied lawfully and in an effective way.

Basis for Opinion

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of Kenya Investment Authority in accordance with ISSAI 30 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in the audit of the financial statements of the current year. There were no Key Audit Matters to report in the year under review.

Other Matter

1. Poor Budget Absorption

The Authority spent a total of Kshs.47,527,238 on program costs against an approved budget provision of Kshs.61,118,390 under the expense item resulting in an under-

expenditure of Kshs.13,591,152 or 22% under-absorption. Failure by management to adhere to the budget and undertake planned activities may lead to a negative impact on service delivery and achievement of the Authority's mandate.

2. Expired Contract

The revenue from exchange transaction (other income) balance of Kshs.28,118,390 includes an amount of Kshs.489,789 received on 15 July 2016 in accordance with the memorandum of understanding between the United Nations Industrial Development Organization (UNIDO) and the Kenya Investment Authority dated 14 March 2013 for hosting within the Authority an Industrial Subcontracting and Partnership Exchange Centre (SPX) at its Kenya Railways Headquarters. However, according to Article 5 of the memorandum of understanding UNIDO was to provide capacity building to SPX staff, physical facilities and equipment as well as additional support inputs for hosting the SPX Center in Kenya for a period up to the end of March 2013. However, no plausible explanation has been provided for the receipt of funds outside the contract period.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Authority's ability to continue sustaining its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless the management either intends to have the Authority cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

Those charged with governance are responsible for overseeing the Authority's financial reporting process.

Auditor-General's Responsibilities for the Audit of the Financial Statements

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in

Report of the Auditor-General on the Financial Statements of Kenya Investment Authority for the year ended 30 June 2017

compliance with Article 229(7) of the Constitution of Kenya. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances and for the purpose of giving an assurance on the effectiveness of the Authority's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Authority's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Authority to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.
