

REPORT OF THE AUDITOR-GENERAL ON KENYA MEDICAL LABORATORY TECHNICIANS AND TECHNOLOGISTS BOARD FOR THE YEAR ENDED 30 JUNE, 2019

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Kenya Medical Laboratory Technicians and Technologists Board set out on pages 1 to 36, which comprise of the statement of financial position as at 30 June, 2019, statement of financial performance, statement of changes in net assets, statement of cash flows and the statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the Kenya Medical Laboratory Technicians and Technologists Board as at 30 June, 2019, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Accrual Basis) and comply with the Public Finance Management Act, 2012 and the Medical Laboratory Technicians and Technologists Act, 1999.

Basis for Qualified Opinion

1.0 Unsupported Remuneration of Directors

As disclosed under Note 8 to the financial statements, the statement of financial performance reflects remuneration of Directors' expenditure of Kshs.1,500,000. The balance includes the Chairman's Honoraria of Kshs.960,000 for the financial year ended 30 June, 2019. It was however noted that the term of the Chairman expired in August, 2018 and the Management did not provide supporting documents such as new appointment or extension of the term.

In the circumstances, the validity of the honoraria payment of Kshs.960,000 for the year ended 30 June, 2019 could not be confirmed.

2.0 Long Outstanding Balances

2.1 Unsupported Receivables from Exchange Transactions

As disclosed under Note 15 to the financial statements, the statement of financial position reflects receivables from exchange transactions of Kshs.21,894,000. The balance, as previously reported, includes an amount of Kshs.12,983,500 due from Kenya Medical Training College (KMTC) in respect of inspection fees which has been outstanding for more than thirteen (13) years and which has not been reflected as a payable in KMTC

books of accounts. However, no provision for bad and doubtful debts has been made in the books of accounts in respect of this balance.

Consequently, the validity and full recoverability of receivables from exchange transactions balance of Kshs.21,894,000 as at 30 June, 2019 could not be confirmed.

2.2 Trade and Other Payables from Exchange Transactions

As previously reported, Note 17 to the financial statements reflects trade and other payables from exchange transactions balance of Kshs.1,946,419 as at 30 June, 2019 out of which Kshs.1,200,069 relates to the financial year 2012/2013. Management has not given reasons for not settling the long outstanding amount.

Consequently, it has not been possible to confirm that trade and other payables from exchange transactions balance of Kshs.1,946,419 included in the statement of financial position as at 30 June, 2019 is fairly stated.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Kenya Medical Laboratory Technicians and Technologists Board Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgement, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

1.0 Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects final revenue budget and actual on comparable basis of Kshs.222,285,500 and Kshs.176,343,687 respectively resulting to an under-funding of Kshs.45,941,813 or 21% of the budget. Similarly, the statement reflects final expenditure budget and actual on comparable basis of Kshs.8,500,700 and Kshs.11,938,757 respectively resulting to an over expenditure of Kshs.3,438,057 or 40% of the budget. The Management did not explain the budget variances.

Based on the approved estimates, under funding and over expenditure affected the planned activities and may have impacted negatively on service delivery to the public.

2.0 Unresolved Prior Year Matters

In the audit report of the previous year, several issues were raised. However, the Management has not resolved the issues or given any explanation for failure to adhere to the provisions of the Public Sector Accounting Standards Board templates and The National Treasury's Circular Ref. No. PSASB/1/12/(44) of 25 June, 2019.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources section of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

1.0 Non-Compliance with the Medical Laboratory Technicians and Technologists Act, 1999

During the year under review, the Board operated without a Board of Directors. This is in contravention of Section 6 of the Medical Laboratory Technicians and Technologists Act, 1999 which provides for a Board membership of ten (10) individuals whose background is as stipulated in Section 6(1)(a) to (j) of the Act. It is therefore not clear whether the Board was able to realize its core objective of exercising general supervision and control over the training, business, practice and employment of laboratory technicians and technologists in Kenya and to advise the Government in relation to all aspects thereof.

The Board was therefore in breach of the Law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

Responsibilities of Management and Board of Directors

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Accrual Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Board's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to dissolve the Board or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

The Board of Directors is responsible for overseeing the financial reporting process, reviewing the effectiveness of how the entity monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could

reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and review of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Board's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related

disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Board to cease to continue to sustain its services.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Board to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

Nancy Gathungu
AUDITOR-GENERAL

Nairobi
